About us: The aim of the Players is to provide theatre going public with a quality production both on and off stage. We rehearse and create and build our own sets in the Studio in Liston Road. Amateur theatre offers an interesting and fulfilling hobby for those who wish to become part of a team of like minded people—on stage; backstage; directing; publicity; front of house—whatever suits your talent or interest. We have a full program of workshops and theatre visits in addition to the productions - why not come and see us and find out more? We promise you a warm welcome. Meeting venue and map information overleaf.
